**Solid shade** carpets may exhibit colour streaking. **Chair mats** are recommended under castor chairs to preserve appearance and avoid premature wear. Due to the unique manufacturing process, **natural variations** in the thickness of the yarn may appear as lines along the surface of the carpet. While due care has been taken in the manufacturing process of this carpet, **soiling may show more readily** due to the lightness or brightness of the colours. Additional maintenance may be required. Consult a cleaning professional for advice. **Seam sealer** is a mandatory requirement on all carpet seams.
