Our Warranties

In addition to any rights available under Australian Consumer Law, Redbook Carpets warrants that, when used in a residential premises in accordance with the General Conditions and Homeowner Obligations set out below your carpet will perform as set out below for the period set out on the sample following the original installation (see pro rata details below).

Note: Not all warranties apply to all Redbook synthetic carpets. You can establish the specific warranties applicable to a particular carpet by checking the labels on the back of the carpet samples or by asking the retailer.

- **Wear Resistance Warranty/Fibre Loss Warranty** - The surface fibre of the carpet will not abrasively wear so as to lose more than 10% from the pile of the carpet. Pile/fibre loss does not include other changes in carpet appearance: e.g. matting (the loss of twist from the tips of pile and entanglement of the fibre), or crushing (the non-restorable pile flattening due to foot traffic, castor wheels or pressure of furniture) or pilling or pile loss due to events set out clause 5 of the General Conditions.
- **Stain Resistance Warranty** - The surface pile of the carpet will resist most household food and beverage stains making them easily removable if promptly and immediately attended to following the steps set out in the Redbook Simply Great Carpet guide (including in relation to steam cleaning). This does not mean your carpet is completely stainproof, and spillages/stains (particularly if hot) must be attended to immediately. If allowed to cool or dry, the stain will be almost impossible to remove. Care must be taken as haphazard attempts at spot removal can cause permanent stain setting, pile distortion and loss of colour.

This warranty does not apply to stains caused by acids or oil based or wax based substances (including tar, shoe polish, paints, lipstick, mascara, olive oil, vomit or pesto), stains from food or beverages containing strong dyes (e.g. mustard, curry etc) or stains that have become permanent because of failure to promptly and immediately attend to the stain as set out in the Redbook Simply Great Carpet guide.
- **Soil Resistance Warranty** - Your synthetic carpet will not have a noticeable colour change due to deposits of dry soil resulting from normal indoor household foot traffic.

Consumer Guarantees

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

- **Fade Resistance Warranty** - Your carpet will not significantly change colour as a result of exposure to sunlight or atmospheric contaminants (including ozone or oxides of nitrogen). A significant change of colour is a change of greater than two units as measured by the American Association of Textile Chemists and Colorists (AATCC) Gray Scale. The Gray Scale is an internationally recognised comparison system to determine the extent of colour differences, and two units should not significantly change the appearance of your carpet. Carpet may change colour due to other external causes such as spills of household chemicals and other non-food and non-beverage substances or chemical influences. These are not covered by this warranty.
- **Insect Deterrent Warranty** - Your carpet will resist attacks from insects such as carpet beetles or moth larvae provided it is used and cared for in accordance with the General Conditions and Homeowner Obligations set out below. Your carpet will not require any chemical treatment or application, to guard against insect attacks such as carpet beetles, moth larvae or other insects.
- **Manufacturing Defect Warranty** - Redbook Carpets is so confident as to its manufacturing process that your synthetic carpet is warranted against all manufacturing defects.
- **Anti-Static Warranty** - Static electricity is an accumulation of an electrostatic charge. Redbook Carpets warrants for the life of the carpet that your synthetic carpet will not generate static electricity in excess of 5 kilovolts when tested according to AATCC 134 - a laboratory simulation assessing the static generating tendency developed when a person walks over carpet. This means your synthetic carpet will not cause discomfort which can be caused by static build up.
- **Anti-Microbial Warranty** - Redbook Carpets warrants the pile of your carpet has been treated with an anti microbial treatment to fight the spread of disease.

Please note, as a textile product, carpet will change its appearance over time as set out in the Carpet Characteristics section of the Redbook Simply Great Carpet guide.

These warranties are **ONLY** applicable to products carrying a sample whereby full terms and conditions of the warranties are expressed to be set out the **Redbook Carpets Care Maintenance and Warranties Guide**.
